We have lived in Louisville, Co. for 22 years. Since graduating from high school, I have always lived in the Denver-Boulder metro area.

I graduated from college and law school at CU-Boulder.

I am an attorney.

My major hobby for 50 years has been playing trivia. Fortunately, because of my wife and some very smart friends/teammates, it has been a lucrative hobby.

We have 2 children Matthew and Victoria both 28 years old. Victoria was a choral music major, Vicki was a drum major for the CU marching band in 2007. After teaching choir for Lyons Middle and Senior Schools for 5 years she is now a master's Degree Candidate in choral conducting at the University of Southern California.

Through genealogical research, I found that my paternal grandfather was the first person of African-American descent to graduate from the School of Dentistry at the Ohio State University in 1916.

We were both born and raised in Grand Junction. We were married here in September of 1969. I worked for Meadow Gold Dairy as a bookkeeper until our first child was born in 1974 then my most important job became Mother. I returned to office work in 1994 at Horizon Vision Center for 10 years, then for the school district office and then as a para in the district with preschoolers. We have owned and managed apartments in the valley for 46 years also.

I enjoy gardening, quilting, walking, traveling and all kinds of board games & cards. My family and church home have been an important part of my life. I helped start a school at our church when our daughter was entering kindergarten. The school has grown over the last 39 years and includes a pre-school thru 8th grade at the Lutheran Church and School of Messiah, here in Grand Junction. We were blessed with 3 wonderful children, Valerie 44, (husband James),

Logan 35, (wife Amber) & Greg 34. We have 6 grandchildren. Anna 15, Ella 14, Eli 10 and Asher 8 are Valerie's children; Logan has a son Tyson 17 and Greg has a daughter Lucy who is 6.

We are thankful that our children are wonderful loving parents, hardworking and independent and passing those values on to their children.

Jim and I will celebrate our 50th wedding anniversary in September 2019. It has been a full and wonderful life here in beautiful Colorado.

I came back to Grand Junction in 2003 because my dad wanted me to help him with day to day living. We graduated in May and in June I

was in Denver for about 9 years and worked at the First National Bank of Denver and then Intrust.

I got married and moved to Delta and we became owners of Moonshine Liquors for several years. I ended up back in Denver and then moved to Durango until I came back here and started working. Now I am happily retired and enjoy spending time with my Grand dog Ce-Ce and going for walks with her. Also coming back home I get to be around family again.

I drove to Alaska in 1973 and lived there until 2009 when we moved to Pagosa Springs. In Alaska I lived in Juneau for two years, a Native village for ten years, and Denali Park for 24 years. After we moved to Pagosa Springs I have been returning to remote Alaskan villages along the Yukon River in western Alaska. These villages are very remote – no tourist would ever go out there. I bring a sleeping bag and sleep on the floors of the schools. There is no lodging available or restaurants. I go to the villages for 4-6 weeks usually 3-4 times a year and provide professional development for teachers for K-12 teaching of literacy and I mentor/coach PreK teachers and help them set up classrooms, pre and post-test students, provide parent conferences, pre and post-test students, and lead monthly activities for PreK children and their families. I love the remoteness of the villages and the Native culture. Elders are respected for their knowledge and wisdom which are passed from generation to generation. Part of each day for me revolves around getting safe drinking water. In some villages a gallon of water costs \$8 while in other villages a gallon of water costs \$14. Travel from village to village is by small plane as there are no roads. The schools send a snow machine or an ATV to the airstrip to pick me up when I arrive or depart at each village. There are no vehicles in most of these villages. Travel is by snow machine or ATV. I walk everywhere that I want to go.

Education: CSU, Bachelor of Science Speech and Hearing Science. University of Northern Colorado: two Masters' Degrees – Speech and Hearing Science and Education Learning Disabilities. University of Anchorage: Master's degree in Educational Leadership and Administration.

I taught in small K-12 schools in Alaska where you teach what you are assigned from year to year. Part of the lure of K-12 schools is that your teaching assignment constantly changes based on the needs of the students. Over the years I taught: Speech and Language Resource, Learning Disabilities Resource, 2nd, 3rd, 4th, 5th grades, middle school, high school, and eventually was one of the two district administrators so my responsibilities were district curriculum, professional development/in service for teachers, Federal Programs, state and independent grants, and I taught college credit courses for the staff. After retiring to Colorado, I have been returning to extremely remote Alaskan villages as an education consultant. Many opportunities to experience and live in wilderness settings have been part of my life. Our sons were born in a Native village. When Dylan was 6 months old I lived for three months in an old trapper's cabin on the Aguluwak River. With Dylan in a backpack, I could run the river and navigate twenty miles down Lake Aleknagik to get to where a vehicle was parked. My husband, Brian, is an experienced wilderness adventurer so we have spent weeks ocean kayaking in remote places, floating rivers in pack rafts, hiking, backpacking, living in tents. It's been a life with grand adventures and at this stage of life – very special and wonderful memories. Music and dancing are part of my retired life – country line dancing – it's not what you think! Country line dancing has evolved into quite complicated dances with a younger generation of dancers catching the fever! I have had great fun celebrating milestone birthdays – at 50 I went on a bike ride in Tasmania, at 60 I went on a bike ride in New Zealand, and 70 is coming up way too soon! Contact me if you are interested in planning an adventure for our 70th birthdays! We have 3 children Dylan 41, Jesse 39, Brittany 29 and many other kids lived with us during their high school years. One of those kids, Greg, lived with us for two years and became part of our family. The joy of retiring in Colorado has been to be part of the lives of our grandchildren. We usually babysat the kids two days a week prior to them starting kindergarten which has given us the opportunity to be part of their lives. We have 3 grandchildren in Pagosa Springs:

BaiLee, Blake and Cooper and one grandchild in Fort Collins: Maddox Bruin. When BaiLee was nine years old she flew by herself to Alaska and we took her ocean kayaking and camping for ten days. She was amazing even at nine years old! The next summer she flew to Alaska and I took her on a small plane to a remote Dall sheep hunting camp in the Wrangell Mountains where we rode horses every day to spike hunting camps. BaiLee call me “Grandma Trouble” based on the many adventures we have had together! She also says, “What happens with Grandma, stays with Grandma!”

The grandchildren are athletes, excellent academic students, kind and thoughtful human beings. They love outdoor activities and are technology wizards! The grandchildren gave my husband a Play Station 4 and the game Fortnite for his 71st birthday. Now – the grandkids and Brian can play Fortnite on a team together no matter where each of them happens to be. Do you know about Fortnite? If you want to be a “cool” grandparent – you need to know how to play Fortnite. It will surprise and delight your grandkids! Life is good! We are thankful for good health and a family with young parents who coach sports and are very involved in their children’s lives. Our life revolves around the activities of the grandkids!

We currently live in Portland, Or.

Education: Mesa Junior College in 1970, Colorado State University – B.S. Industrial Construction Management 1974; Oregon State University – M.S.: Construction Engineering Management 1979

I have worked as Senior Construction Cost Estimator (Civil, Structural & Architectural areas), Project Controls Specialist, and Construction Safety Supervisor. Employers: CH2M Hill-34 years (recently acquired by Jacobs Engineering), Carollo Engineers-3 yrs., Stearns-Rogers-3 yrs. Now retired as of September 2017. Representative project involvement included Water & Water Projects, Intel Semi-Conductor Facilities, U.S.A.I.D Water & Waste Water Projects, FEMA Hurricane Disaster Support, Hanford Nuclear Waste Remediation, U.S. State Department Facilities & Military Installations, and Power Plant construction. Overseas locations included Egypt, West Bank, and the Kingdom of Saudi Arabia.

We have been very fortunate to have worked and traveled throughout the world. With retirement, we're continuing to pursue traveling, both domestically and internationally, as much as we're able. Hobbies primarily revolve around photography. Activities also

include involvement in Engineers Without Borders and School-To-Career programs both within the local school district and at Oregon State University.

We have 4 boys: Garrett, 39 (wife Amanda), Trevor, 36 (wife Lindsay) Trace, 29; Bryce, 25. Two granddaughters, Avery 6 and Violet 4, daughters of Trevor & Lindsay. We're quite fortunate that all four sons have interesting careers (alternative energy, Bonneville Power Administration, video/photography production, and physical therapy). And, after having four boys, the joy of watching our two granddaughters grow is most rewarding for us; including our interaction with our two wonderful daughters-in-laws. Our international travels with our family and friends have been wonderful and rewarding experiences that we will always cherish.

Lewis and I have been married for 1 year, but who's counting. He's my best friend and kindest man I have ever known.

I have lived in the house my family lived in for 14 years in Fruita, Co. I also lived in Anchorage and Fairbanks, AK for 28 years. Before my AK adventure, I lived in Palisade, Aspen, and Steamboat Springs, Co.

My years at GJHS were the best! AA, Sociology (not a good fit for me). Bachelor, Elementary Education (loved every minute of teaching children). Master's Public-School Administration (truly wanted to make a difference). Montessori Administrators certification (led K-8 public Montessori school).

I was an Elementary Principal for 24 years working at Loma & Lincoln Park schools here in the valley then moved to Alaska & worked in Denali, Eagle River, and Sand Lake, AK. I also taught as an elementary teacher for 12 years with gifted and talented, and taught Japanese partial Immersion, multi-age.

I'm a country girl that is happiest on the back of my horse, Benjamin (Big Ben). The first thing the grandchildren want to do is see Ben. I also enjoy fishing, hunting, hiking, skiing, and visiting grandchildren. I have 3 children: Brett 43 and attorney in Pinetop, AZ.

Taber 40, in Human Resource's in Minneapolis, MN., and Regan 37 a High School English teacher in Fairfield, CA.

I just happen to have 45 grandchildren from 40 years. I have 11 Skyla, Landon, Parker, River, Rockwell, Rosey, & Tega.

Deceased husband, Bob 18 – Brinley, Camden, Nori and Kenai. New husband, Phil 16.

My grandchildren are healthy, happy and passionate. They love family and are very adventurous learners and inquisitive.

I have a beautiful patchwork family. My family is made up of various shapes and textures of patches with velvet, silk, corduroy, denim, wool and cotton randomly stitched together. The result is a magnificent quilt held together by the threads of love forever and ever.

I came back home to Grand Junction in 1982. When I say, "back home", I literally mean back to the home my parents bought after I graduated from high school. I went to CSU and lived in Ft. Collins from 1970-1975. I then moved to Glenwood Springs until moving back home in 1982. I attended Mesa College and CSU.

I did not serve in the military but I sure respect those who did especially at the time we graduated!

I was the Executive Director of the Effective Parents Project Inc., which was a non-profit organization established to provide support, resource information and educational opportunities (seminars/conferences) to parents of the children with disabilities and the professionals who served these children. I was led to this

career with the birth of my first daughter Angela who has multiple severe challenges. I feel truly blessed by being her mother and for guiding me to such a rewarding profession.

My hobbies include cooking, baking, knitting and needlework. I had to give up golf after receiving a multitude of screws and rods in my back.

We have 5 children. When we married, almost 28 years ago, he brought 3 wonderful boys to our family: Chris was 19, David, 16 and Michael was 13. I had Angela age 13 and Tony who was 9 when we married.

We have 6 grandchildren. Chris and his wife Carol who live in Centennial, Co. are parents of Mackenzie 16 and Taylor 13. David and his wife Tonja live in Broomfield and have 2 boys; Will who is 11 and Ollie who is 8. Tony has a beautiful daughter Paisley who lives in Queen Creek, AZ., with her mother. After living in Az. For 10 years Tony moved back to GJ 3 years ago and will marry a wonderful woman named Falisha. They have a precious new baby boy who the first grandchild we have had the pleasure to have close enough to really be a part of his life. They all do many things that make us proud. I am proud of the way they live their lives – based on the value of always family first.

They bring me joy, they make me laugh and they are always here when we need them, and we love to play with them.

I have lived in Grand Junction since High School graduation. I attended Mesa Junior College and a short stint at Colorado State College. Unfortunately, I flunked the medical physical for the military.

I retired from the Union Pacific Railroad as a Locomotive Engineer with 37 years, 7 months and 20 days. But who's counting!!

I have always enjoyed golfing around western Colorado. I also like to fly fish but I'm not good at catching them. Geary Hall and Baird Brown can attest to that. The last fifteen years have me working on two Volkswagen's, a 1969 Beetle and a 1965 Micro Bus. I get a lot of

waves, peace signs and great stories from people as I tool around GJ. I also enjoy beekeeping as a hobby. Kristine and I eat a pint of honey a week (we're never sick).

We have 2 children, Matthew 28, lives in LA and Cecilia 26, lives in Denver. They are the best children parents could raise. They both have degrees and no student debt. They can both talk us through computer and cell problems over the phone. Celia graduated from Colorado Mesa University with a degree in Chemistry. She is a chemist for the National Water Quality lab in Lakewood, Co. Matty graduated from Regis University with a Video Technology degree. He Dance Music in LA and around the western US.

Kristine and I have celebrated 31 years of marriage.
